

Is it time for a colonoscopy?

Beginning at age 45, you should have a colonoscopy every ten years, sooner or more frequently if certain risk factors exist. Colorectal cancer is most treatable when found early so routine screening is essential.

The good news is you can have a routine or diagnostic colonoscopy at no cost to you, if scheduled through KISx Card. Call us at (877) 438-5479 to get started.
